## Work Experience:

### **Elk Gold Mining Corp. – Elk Gold Mine**

### **Lead Geologist**

*2024 May – 2025 August*

- Diamond drill program design, implementation and management
- Database management, rebuilt drill hole database, create a from-scratch block model
- All aspects of day to day production, manage/mentor staff, MLARD sampling

### **Hemlo Explorers Inc. – North Limb and Project Idaho**

### **Program Manager**

*2021 May – 2022 September*

- Manage exploration activities, logistics and planning, contractors, personnel and resources
- Projects included core logging, field mapping and prospecting, MMI soil sampling
- Property evaluations, data management, map generation, assessment reports

### **Glencore – Kidd Operations**

### **Production Geologist/Diamond Drill Coordinator**

*2019 August – 2021 May*

- Complete daily reports on drill activities and weekly scheduling
- Perform site safety inspections, geological reporting of core and continuous improvement on drill program efficiency
- Underground mapping and stope inspections. Logging Core and training new Loggers

### **Barrick Hemlo - Williams Mine**

### **Project Manager/ Beat Geologist**

*2016 January – 2018 October*

- Plan, manage and execute Lower B Zone diamond drilling program with a \$5M budget
- Design, logging of production and exploration diamond drill core, interpretation and resource modelling
- Underground mapping, chip sampling and interpretations
- Long Hole and Alimak style mining development and production
- Block modelling and grade control using Vulcan 3D modelling software

### **Barrick Hemlo - Williams Mine**

### **Diamond Drill Coordinator /Core Shack Supervisor**

*2012 May – 2015 December*

- Liaise with supervision to ensure drilling is performed in a safe, timely and cost-efficient manner
- Coordinating and scheduling of both surface and underground diamond drilling operations
- Perform inspections of drill sites before, during and after drilling operations
- Training, coaching and assisting project geologists with program design and implementation
- Negotiating contracts, bid walks and bidder review
- Additional Duties to manage core shack functions and personnel

---

## **Barrick Hemlo - Williams Mine**

**Open Pit Geologist**

*2010 September – 2012 May*

- Grade control incorporating Survey, Vulcan 3D block modelling and muck pile staking
- Diamond drill project co-ordination, design, logging and interpretation
- Tracking production tonnes & grade and monthly reconciliation
- Geochemical, environmental and QAQC sampling, piezometer monitoring and ground control

## **Barrick Hemlo - Williams Mine & David Bell Mine**

**Underground Production Geologist**

*2006 October – 2010 September*

- Design, logging of production and exploration diamond drill core, interpretation and resource modelling
- Underground mapping, chip sampling and interpretations
- Long Hole and Alimak style mining development and production
- Block modelling and grade control using Vulcan 3D modelling software

## **Kirkland Lake Gold - Macassa Mine and Lakeshore Ramp**

**Beat Geologist**

*2003 May – 2006 June*

- Grade control in a narrow-vein gold mining environment
- Drift and stope mapping, drive layouts and paste-fill planning
- Layout and interpretation of diamond drill programs for production/definition drilling
- Co-ordinate crews, geology, engineering and mining departments on mining operations

## **Barrick Gold, Holt-McDermott Mine**

**Core Logger**

*2002 October - 2003 April*

## **Ontario Geological Survey, Operation Treasure Hunt**

**Geological Assistant**

*2002 February - March*

## **CEM Laurentian University, Sudbury Smelter Footprint Project**

**Soil Technologist**

*2001 September - December*

## **Aurora Platinum Corporation, Lansdowne House & Bartman Lake**

**Exploration Geo**

*2001 Field Season*

## **Laurentian University Earth Sciences Dept. INCO, MERC**

**Data Processor**

*2000 - 2001 (part-time)*

## **Ontario Geological Survey**

**Junior Field Assistant**

*1999 - 2000 Field Seasons*

---

## Education:

### **Laurentian University 1997-2002, Sudbury, ON**

- B.Sc Geology (Honors) completed May 2002
- Fourth year thesis topic: The Petrogenesis of Marble Xenoliths in Mont Saint-Hilaire
- Additional courses in Geophysics and GIS

### **Central Peel Secondary School 1992 – 1997, Brampton, ON**

## Qualifications:

- ‘Blaze A Trail’ Leadership Training
- Barrick Courageous Leadership
- St. John Ambulance Standard First Aid & CPR
- Chief Scout Award
- Basic Underground and Open Pit Common Core, Train-the-Trainer, Fall Arrest Training including many in-house specialty modules
- P.Geo with PGO (Association of Professional Geoscientist of Ontario)
- Numerous online (Udemy and Coursera) courses on leadership, management, self-improvement and stock investing
- ORCA Flat-water, moving water 1 and Canoe tripping 1
- Workplace Safety North courses: Act and Regulations, Duly Diligent Supervisor IRS, Ground Control, Job inspection and Observation
- G Drivers Licence - Ontario
- CMC: Management Skills for new Managers and Supervisors
- PMiA Level 1 – Project Manager in Action

## Personal Interests:

- Anything science
- Bowling, Curling and Ultimate Frisbee
- Canoeing, Hiking, Camping
- Day Trading
- Management and leadership
- Self-improvement and continued learning
- Money and personal finance
- Philosophy

## Attributes:

- Promotes safety at all times
- Reliable, dependable, trustworthy and honest
- Leadership style - focus is on people, safety, metrics and efficiency
- Enthusiastic, energizing and fun personality
- Proficient with Vulcan, ArcGIS, MS Office, AutoCAD/Dewsick, MX Deposit, Acquire
- Fast learner, especially with software and new technologies
- Enjoy mentoring and training others
- Highly adaptable, creative and an excellent outside-the-box thinker
- Strong desire to succeed and to maximize the potential of others
- Non-drinker and non-smoker
- Avid reader
